End of Year Celebration	Community event	Friday 9 th December	More information to come
Grade 6 Graduation	Grade 6 students	Wednesday 14 th December	
End of School Year	All students	Tuesday 20 th December	School ends at 1:30pm

PRINCIPAL'S UPDATE:

With term 3 coming to an end, it is a fitting time to congratulate all students on staff on a huge term of learning and growth. This week I have shared with staff our incredible 2022 NAPLAN data. I will be sharing this data with the School Council at our next meeting and will then share it with the whole school community. We are extremely pleased with the results which are a direct result of the incredible work that has been done on teaching and learning over the last few years.

Tomorrow our 5/6 students and teachers head off to camp. They are visiting Bendigo and Ballarat and the teachers have planned a number of activities to keep the students very busy. I would like to thank the 5/6 teachers for their many hours of organisation that has gone on behind the scenes to ensure that the camp is a success. We look forward to seeing them back at school on Friday afternoon.

2023 Enrolments

We are well into planning for the 2023 school year. This forward planning is vital in a school as we need to know how many teachers to employ for the year ahead based on the number of children enrolled. Tullamarine Primary School is therefore currently accepting enrolments for 2023 for all grade levels including Foundation.

If you have not enrolled your child as yet, please collect an enrolment form from our office, or request a form to be sent home with a sibling. If you know of any families with enrolments for next year, please remind them to contact the office as soon as possible. We ask that as a school community we all take every opportunity to promote our fabulous school to potential families.

As well as needing to know all future enrolments, we also ask any families that will be leaving us at the end of the year to notify the office in writing as soon as possible, as this also impacts on our forward planning. We would greatly appreciate all enrolments to be finalised by the end of this term to assist us with our planning for next year.

PFA Update

On behalf of the school community, I would, once again, like to thank all members of the PFA for their most recent fundraising effort. The Footy Colours / Donut Day raised an incredible \$387. These funds will be added to our Buildings and Grounds fund which will be directed to the redevelopment of various areas across the school.

We look forward to further PFA activities next term.

Anna Ruhle
Principal

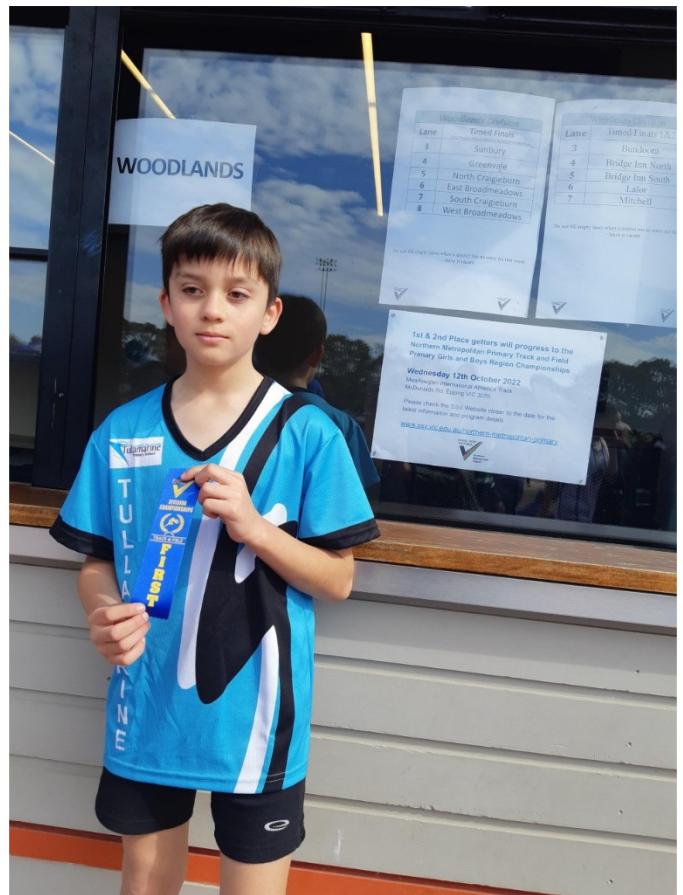

Athletics Carnival

On the 19th of August students from Tullamarine Primary School competed in the 2022 Athletics Carnival at Meadowglen International Athletics Track. We had a lot of success in both individual and team events. It was a great day in which students were able to display their athletic abilities whilst representing their school proudly.

Twelve of our students made it through to the Whittlesea and Woodlands Division Athletics carnival on the 6th of September. The students who competed in the regional events did really well in this very competitive level of athletics. Two of our students made it through to the next round in their events. Loukas in 5/6 placed 1st in his long jump event and Saxon from 3/4 placed 2nd in his triple jump event.

I would like to congratulate all students involved in the athletics program in their resilience of learning new sports and trying their best when competing. You have made Tullamarine Primary School proud. I would also like to thank the parents who volunteered their time to help with marshalling and those who took their children to the regional event.

Mr Leonard

Mitchell: At athletics I did the 1500m run and I came 6th.

Koa: I felt happy because I came second in long jump.

Ashleigh: Athletics day was very fun because I got to compete in three different events. My first event was triple jump, second was 100m and then my third was the relay run.

Seb: I felt good because I got to eat when I wanted and I did good.

Riya: Today the grade fours to sixes went to athletics. We did lots of events, such as the 1500 metre run and more.

Ruby: In athletics we played sports. I did 800 metres run and the relay race.

Saxon: I did triple jump, relays and the 200m sprint. I got second place in triple jump.

Grace: Today the 4-6's went to the athletics, we had a few ribbons, we had so much fun.

Mr Zinonos

Lana Esposito	1/2D	Riya Prasath	3/4D
Gabriel Issac	FB	Slade Cincotta	1/2B

This Term **Foundation** students have become scientists. They have been part of lots of experiments. They can even hypothesise what they think might happen before the experiment takes place. They have had a great time exploring what happens when you mix 2 materials together to create a reaction.

Over the half of the term Foundation B has had a preservice teacher who has now finished her teaching rounds. Miss Dee has now completed her teaching degree and we wish her success for the future. Foundation A is currently hosting preservice teacher Mr Y who will be here until the end of the term.

Father's Day in Foundation was lots of fun!

The 1/2s have had an excellent Term 3 full of wonderful learning and experiences.

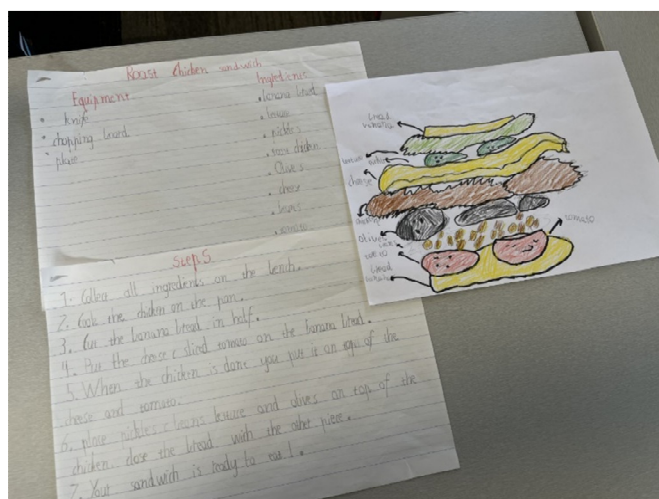

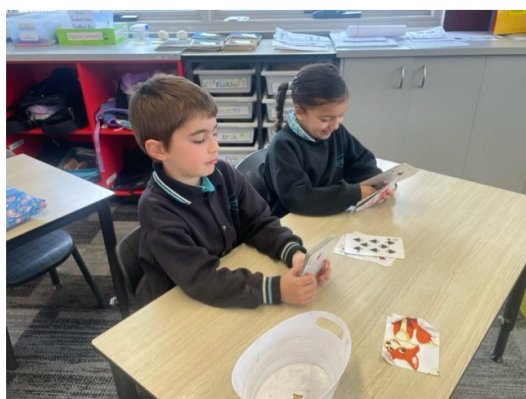

The students have enjoyed learning about questioning and inferencing in their reading, whilst in writing they have learnt how to write procedures. After publishing their procedural text on 'The Best Sandwich', students got the opportunity to present their work to their class.

In Mathematics, students have been learning about division through various sharing tasks, as well as chance activities and the probability of various events.

These tasks have involved many hands-on activities and real-world problems which the students have thoroughly enjoyed!

We have enjoyed hosting our Father's Day afternoon, where students had the opportunity to celebrate their dads and special people in their life by participating in various fun activities together. We also celebrated 'Footy Day' recently, where students wore their favourite team's colours and enjoyed a day full of fun with enthusiasm.

We look forward to continuing our wonderful learning in Term 4!

3/4 Unit

We have had a very exciting last few weeks to finish off term 3! We have been able to complete lots of learning as well as enjoy our exciting camp to Lady Northcote.

This is what we have been doing:

Reading – students have been exposed to different types of non-fiction texts to read, this has been closely linked with writing. They have read biographies, newspaper articles, procedural texts, and information texts.

Writing - the students have continued to write different non-fiction texts and have found interesting ways to present their work. Some examples were biographies, which were presented digitally using BookCreator, recounts and information reports were presented on a poster.

Maths – They have been learning about multiplication and division and the relationship between the two. Students can explain what a fact family is and use multiplication facts to calculate division facts. They have also been working very hard on their own knowledge of the multiplication facts. In our secondary area, they have learnt about volume, capacity, mass, area, and length.

Inquiry – Our topic of Chemical Science has had students investigating absorbent materials, change in state of matter and recycling.

Camp – most students went on camp in week 7 to Lady Northcote Camp in Bacchus Marsh. The students got to enjoy three days there, and completed activities like archery, flying fox and the giant swing. All the students pushed themselves to complete activities outside of their comfort zone and were helpful in their duty groups. The staff at the camp were very friendly and happy with how the students behaved.

We have had an amazing term and look forward to term 4 and lots more learning.

3/4 Teachers

Mrs Mackintosh, Mr Sagi & Mr Zinonos

5/6 Newsletter Item Term 3 Week 10

The 5/6 students have had a fantastic Term 3. We have had an incredibly busy term, with swimming and will end it with a 3-day camp to Bendigo/Ballarat! The students will engage in a range of activities at Sovereign Hill, including the Red Hill Mine, Candle Dipping and The Aura Sound and Light Show.

This term the students have been investigating solids, liquids and gases in our unit 'What's the Matter?' and have engaged in a range of experiments to discover which elements are reversible or irreversible.

They have used this knowledge and applied it during our writing sessions where they have created their own Scientific Reports, which included a hypothesis, procedure, experiment and results.

The 5/6 students have enjoyed hands on tasks for our Volume unit of work, where they have been able to work collaboratively to create a metre cubed scaled-model.

We have had a great term and look forward to all the exciting things ahead in Term 4!

Visual Arts Term 3

During Term 3, all the students focused on the artist, Pablo Picasso. Grade 1/2 students looked at Henri Matisse, Grade 3/4 students researched Henri Rousseau. The Junior school students went on a texture and shape hunt.

The Grade 5/6 students all worked on researching, investigating, collaborating and making lots of decisions about the Dairy Australia's Picasso Cow program. After many weeks of hot doting, discussing and working in teams the cow has a name, Bessy.

Bessy has a place to live in at our school, all will be revealed during Term 4.

Students working hard during Visual Arts class.

Compass School Manager App

At Tullamarine Primary School we use **Compass School Manager** app for all our communications to families.

This is where you can log your child's absences, see what events are coming up, check what news has been sent from the school or email your child's teacher.

If you are having issues using the app or have forgotten your password, please contact *Jodi in the office* and she will gladly help you.

This is what the home screen looks like when viewing in a browser

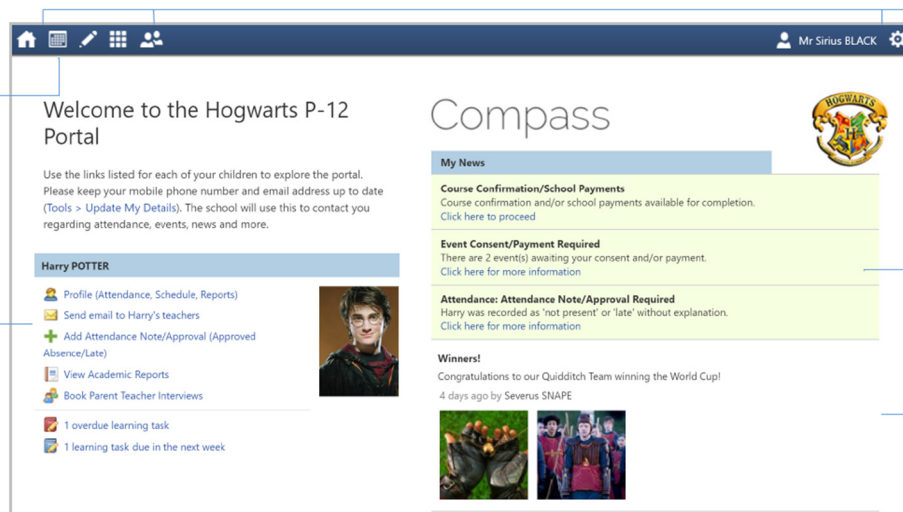

The Compass home screen

The home screen provides you with relevant alerts and news, as well as quick access to your child's profile.

School Calendar
View details of upcoming events, your child's timetable and other relevant school-wide activities.

Your children
Provides you with a quick summary of available options and highlights a summary of upcoming and overdue tasks.

To access more information click on the relevant quick link or select Profile to access detailed information about your child.

Main Menu

Allows you to access other Compass and school resources. The tools icon allows you to update your contact details and change your password.

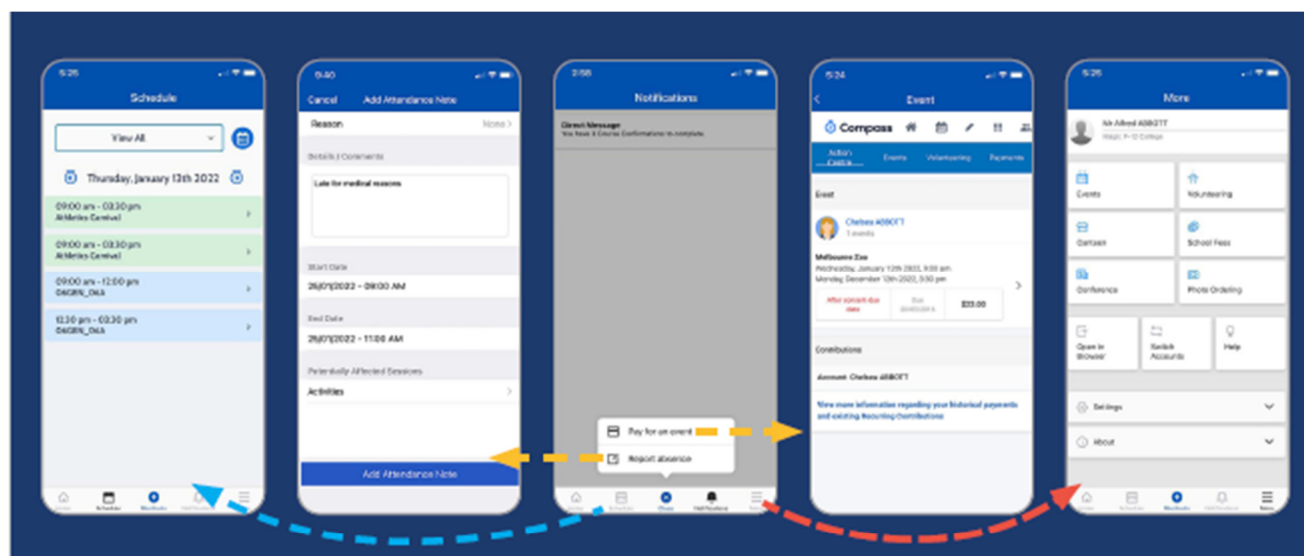

Alerts

Custom notifications for items that require your action or attention. These may include excursion notifications, ordering options for school photos, absence notifications, surveys, student report availability and more.

News

Recent school news items and information relevant to you. This may include newsletters, details of upcoming events and much more.

This is what the screens will look like when using the app.

The hamburger icon that brought you to the old vertical menu has been replaced with a new horizontal navigation bar that displays key icons across the bottom of the screen - **Home**, **Schedule**, **Attendance Notes**, **Shortcuts**, **Notifications** and **More**.

The 'Shortcuts' button on the navigation bar is a new feature to give you quicker access to important actions, such as **'pay for an event'** or **'report absence'**. A direct route to get where you need to be!

The **'More'** button on the navigation bar will take you to a similar menu as the old one. Modules will now be sorted according to which ones you use the most, allowing for a more straightforward navigation.

SPRING SCHOOL HOLIDAY PROGRAM

TUESDAY 20 SEPTEMBER 2022:

Gardening Fun

Time: 10am — 12pm

Age: 10 — 14

Location: Craigieburn Youth Centre

59 Craigieburn Road, Craigieburn VIC 3064

Bookings are essential, limited spots available

Closed toed footwear required

WEDNESDAY 21 SEPTEMBER 2022:

Movies, Pizza & Trivia

Time: 2:30pm — 6:30pm

Age: 12 — 18

Location: Youth Central

33 — 37 Pearcedale Parade, Broadmeadows VIC 3047

Bookings preferable, walk ins welcome
